

THE FOLDED MAP

BROKEN BOW, OKLAHOMA

What makes Broken Bow great

Cradled between the Red River Basin and the Ouachita Mountains, Broken Bow is located in the southeast corner of Oklahoma on land previously occupied by the Choctaw Native Americans. The value of this territory was highly prized by the Choctaw due to its rich water resources and abundant wildlife that exist to this day. Centered between the major cities of Oklahoma City, Little Rock, D/FW and Shreveport, Broken Bow is also within easy access to the Talimena National Scenic Byway, a 54-mile ride that stretches between Talihina, Oklahoma, and Mena, Arkansas. This majestic road slices through the Ouachita National Forest and is the most famous mountain expanse between the Appalachians and the Rockies.
